END USER INFORMATION FOR PROCURED ANALYTICAL EQUIPMENT

The Ministry of Energy and Mineral Development awarded M/S Vision Scientific and Engineering Uganda Limited a contract with Procurement No. MEMD/SUPLS/2025-2026/00004/Mines to supply analytical equipment.

We are in receipt of a request from your company for information regarding the end use of the equipment to be procured.

The purpose of this letter therefore is to confirm that the Desktop and Portable XRF Analyzer Machines to be procured will not be for nuclear enrichment related purposes but rather for analysis of purity levels of minerals especially gold and tin before they are sold in our mineral markets and buying centres.
